

Studying the Heart One Cell at a Time

Dr. Michela Nosedà, MD, PhD
Lecturer in Cardiac Molecular Pathology
National Heart and Lung Institute
Imperial College, London UK

Who: All members of the SCVP are invited. The seminar will be available in our members only area for viewing after the event for individuals with conflicts/challenging time zones.

What: The SCVP What I Know / What I Don't Know Seminar Series is designed to introduce areas of Cardiovascular Pathology from experts in the field in which intriguing questions still remain. It is an opportunity to stimulate conversations and identify areas for future research or scholarship.

Where: Please arrive on time at our Zoom link.

When: Tuesday, November 9th at 11 EST (8 AM PST, 4PM BST).

How: The event is broken into a ~40 minute seminar followed by ~10 minutes of Q&A.

Why: As part of our SCVP365 initiative, we invite pathologists and scientists to stimulating conversations from time-to-time to keep our cardiovascular curiosities up throughout the year.
