**7:00 pm – 8:30 pm** Open Mic(roscope) time!

**Note: What is Open Mic(roscope) Night?**

Attendants present cases from their practice meant to engender lively debate and banter. These cases need not have a definite answer – in fact it's more fun when they don't! The hope is that we can explore difficult areas of practice and learn how we each approach different cases.

Cases may be submitted in one of two ways:

1. Powerpoint/Keynote: No more than 10 PowerPoint slides (including a clinical vignette, gross photos, and photomicrographs). Please ensure that these slides are simple and do NOT have complex templates, animations, or movies.
2. Whole slide scanned image: These can be uploaded to the following FTP server anytime until March 10, 2018. (<sftp://mftportal.mayo.edu>). Username=SCVP; Password=Openmic1; port=22.
